

SUPPORTED DEVICES

	TCP-IP*	RS485	M-bus	OCPP	TTL	EMS
Energy Meter						
Iskra MT880		DLMS				
Iskra AM550					DLMS-push	
Landis+Gyr E450			DLMS-push			
Landis+Gyr E570		DLMS				
Iskra WM3x6		Modbus				
Carlo Gavazzi EM 300 series		Modbus				
Lovato Electric DMG series		Modbus				
Schneider Electric iEM3000 series		Modbus				
Algodue UPM209		Modbus				
GARO GNM3D/T		Modbus				
HIQ PM3-E-D-CT		Modbus				
Shelly 1PM	REST API					
Solar Power Plant						
SolarEdge	Modbus	Modbus				
Kaco	Modbus	Modbus				
SMA	Modbus	Modbus				
Huawei		Modbus				
Fronius		Modbus				
SunSpec	Modbus	Modbus				
Charging Stations						
Etel Inch	Modbus					
Alpintronic Hypercharger	Modbus					
DELTA charger	ModBus					
Keba KeConnect P30	ModBus					
Other OCPP charger						
Battery Inverters						
Kaco Blueplanet	Modbus	Modbus				
Victron Energy	Modbus	Modbus				
Heat pump						
EMS communication in Development.						

*Tested with LAN connection only. It can work over Wi-fi (WLAN) – however it depends on your wireless settings & configuration & distance.

*In case your device is not supported, please send us request to support@reduxi.eu and we can add it.

*In case your list of supported devices in your Redux device does not match with this table please update Reduxi with latest firmware.
